Testimonials

We are very satisfied with our collaboration with Sopchy in the development of modules aimed at easy and intuitive integration of PayEye payments with e-commerce systems.
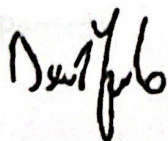

Sopchy is not just a team of qualified specialists but also a partner who fully understands our needs and expectations.

Undoubtedly, one of the key aspects that sets this company apart is their ability to maintain excellent communication and cooperation with our team. The collaboration has been incredibly constructive – from the very beginning, they have provided clear communication and openness to our needs. This is crucial, as the project requires flexibility and adaptation to our specific requirements.

I highly recommend Sopchy as a development partner.
